rejection

## Listening I

1. What did the high school student ask Richard St. John?
2. What did St. John decide to do when he came to the TED conference?

## Listening II

Listen to the talk and fill in the eight things that lead to success.

## Discussion

Richard St. John is talking about how to be successful in your career and life. But let's apply this specifically to language learning. How would you apply some or all of these traits in order to be a successful language learner? Discuss this with a small group and prepare to give a short report of your ideas.
